

page six

Ollie huddles in the dappled shadows until the lookout shrieks "All clear."

After being joyfully reunited with their parents Ollie and the other dino-lings slip back to the nesting site.

They are exhausted, excited and extremely happy to be safe and sound . . . for today, that is!

Terrifying tangle-toothed theropods are *always* hungry.

Young Ollie
ornithopod

and the terrifying tangle-toothed theropod
